Return this form to the Gate Attendant

NOTICE: The Security of our community is the concern of all residents. **Gate openers are leased to Seminole Woods residents ONLY! The openers are not to be loaned or given to guests/non-residents at any time.** The use of these openers is the responsibility of the resident. Your cooperation in this matter is greatly appreciated. Improper use by minor children is the responsibility of the resident. Gate Openers are no longer sold to residents, they are leased on deposit and remain the property of the Seminole Woods Community Association, Inc. Gate Openers are to be returned to the Association when a resident is no longer a Seminole Woods resident or lot owner. Returned Gate Openers will receive a full refund of your deposit if returned in good working order.

The gate opening codes are subject to change at any time with proper and adequate notice given to residents. Code changes require reprogramming of the Gate Opener Cards and the resetting of the Gate Transmitter switch setting. Reprogramming of the cards can be done by contacting Gary Vest, Lot 71. Resetting of the switch settings for the Transmitters is the resident's responsibility. Assistance will be provided if requested.

I have read, understand, and accept the terms and conditions above:
